Subject: Microsoft Settlement

Dear Dept. Of Justice:

I believe that Microsoft's proposed "settlement" is the most ridiculous thing I have ever heard of. You cannot allow Microsoft to sneak out of their dillimma by further pushing their monopoly- which was what they were in trouble with in the first place. Perhaps their punishment could be for them to pay fines to all the companies they have pushed down with their monopoly? Apple and Netscape come to mind...

Sincerely,
Alex Wallace
